

# WHAT DOES LOCAL LOVE LOOK LIKE?

For almost 2 decades, Elsie volunteered in her community. She helped coordinate celebrations and holiday gatherings, took time to visit and deliver books to indigent seniors and she made her famous punch for volunteer appreciation events. After suffering a fall, Elsie found herself in need of the very support she had been providing for so many. Meals-on-Wheels, a United Way funded program, delivers a daily nutritional meal, checks on her well-being and offers a social visit. For Elsie's family and friends, it's a relief to know she is cared for during her convalescence. For Elsie, it's a road back to the community she loves.

**SHOW YOUR LOCAL LOVE.  
TAKE ACTION TODAY.**
